ABOUT ME

My name is Mer, better known as Meru in the cosplay community. I have been attending conventions since 2003 at Anime Weekend Atlanta, and have fallen in love with costuming and cosplay ever since. I specialize in bringing my favorite characters to life through my sewing machine and the various crafting skills I have picked up over the years.

I am a passionate fan of Japanese anime, manga, visual novels and video games, as well as Western cartoons, comics, and films. I have traveled to events all over the USA, been on both sides of the judging table for craftsmanship costume contests, and enjoy spreading my knowledge with the community via panels and workshops. If you are interested in having me judge, present, or assist with your cosplay event, please review my resume and contact me with details and information via email (merukitty@gmail.com).
